Capacitor

Willian Simões

Frontend Developer
Campo Formoso, Bahia, Brasil

Resumo

Mid-Level Front-End Developer with a passion for continuous learning and self-teaching. Currently working in the field, I specialize in developing web applications using technologies such as Vue.js, PWA, and Capacitor. I began my career as a freelancer, where I gained knowledge in React Native and TypeScript, which I now apply in my current work.

Although I do not have an academic background in the area, I strive to stay updated on industry trends and innovations, always aiming to improve my skills and deliver high-quality results to clients and projects I am involved in. I am dedicated, passionate about technology, and committed to the success of the projects I undertake.

Experiência

Qualicorp

3 anos 10 meses

Software Developer

novembro de 2023 - Present (11 meses)

Campo Formoso, Bahia, Brazil

After leaving Mirante Tecnologie, our clients at Qualicorp appreciated my work so much that they recommended me to be hired by Talent Group so I could continue working with

Software Developer / Vue / PWA / Javascript / React Native / Git /
Android / IOS / Web / TypeScript

dezembro de 2020 - novembro de 2023 (3 anos)

São Paulo, Brasil

Software Developer | Mobile

dezembro de 2020 - setembro de 2022 (1 ano 10 meses)

Bertioga, São Paulo, Brasil

Megarepasse

Mobile Developer

janeiro de 2019 - janeiro de 2020 (1 ano 1 mês)

São Paulo, Brasil

This was my first React Native project. I worked closely with another Senior Developer and I was able to help him build the app from scratch. the app is an auction app for purchasing used cars, and at the time it was delivered, each announced car was purchased in less than 5 minutes after being announced in the app.
